## Power Plant Services

### Nuclear & Fossil fuel Facilities Staffing

Kan-Seal is a Midwest supplier of power plant products and contract services. When it comes to specialized plant maintenance and support, we're the contractor to turn to. Our staff augmentation services will shine

through with every project. We deliver on time and on budget.

When your needs call for ongoing maintenance and modification capabilities, we can offer professionals, specialized technicians, and skilled craft personnel needed to staff your year-round projects and refueling outages.

Our technical capabilities and project management expertise allows us to participate in any type of plant modification as well as ongoing maintenance support.

Kan-Seal can plan, schedule, and execute projects in a timely and cost-efficient manner.

We have the capabilities to quickly mobilize the right personnel on short notice.

Building trust in delivering the right personnel the first time is how we build lasting relationships.

At Kan-Seal, we understand the importance of having trained leaders in the field reinforcing station standards and positive behaviors as well as correcting unwanted behaviors. We are dedicated to setting the standard for supplemental personnel in human performance skills and error reduction.

You can't do it all yourself. So whether your on-site outage and ongoing needs call for just a few specialized personnel or a large number of personnel with varied skills, contact Kan-Seal's Power Services Division for complete satisfaction.

### Professional Staff Augmentation

We can provide nuclear professionals to augment your workforce in any capacity.

Administrative Clerk  
Engineer  
Procedure Writer  
Planner

Project Manager  
Safety Specialist  
Scheduler  
Technical Trainer

Let Kan-Seal be your partner for providing innovative solutions for your plant staffing needs. Whether it's daily plant maintenance support, outage support, or large capital modifications we can

deliver a full complement of professional and technical expertise to ensure success!

### Maintenance Support Services

Kan-Seal can provide a wide range of maintenance contract services to augment your maintenance staff in accomplishing equipment reliability.

We can mobilize and augment your workforce with highly skilled and highly motivated craft personnel ready to get the job done safely and efficiently at a moment's notice. Kan-Seal takes pride in screening all the craft personnel in our database to assure our customers are getting the most qualified craft people available.

Kan-Seal can staff for craft personnel including:

Carpenter	I & C Tech	Painter
Crane Operator	Insulator	Pipefitter
Electrician	Machinist	Rigger
Fire Watch	Mechanic	Scaffold Builder
HVAC Tech	Millwright	Utility Helper
		Welder
